Soon to See Her Body
in River

Chicago, Jan. 7.—Mary Garden, director in chief of the Chicago Grand Opera company, to-day was under police protection after receipt a few days ago of a box containing a pistol and nine cartridges and a letter threatening her life. In the pasteboard carton which contained the cartridges, three compartments were empty and the writer said the missing bullets were reserved by him for her, adding he hoped he would "soon have the pleasure of seeing your body floating down the Chicago River."

"Some wretched person sent me—I do not know why he picked on me—a box with a horrid pistol and a box of cartridges," said the diva in commenting on the anonymous death threat. "Why, the pig!"

Fate of the Dreamer.

A dreamer of dreams woke up one day
And what do you think he found?
A bundle of bills that he could not pay
And collectors snooping around.

Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."
